

Science -Materials and states of matter.

We will be exploring the uses of different materials.

We will link states of matter with our maths work about negative numbers to learn about solids liquids and gases.

Vocabulary: soluble, solution, evaporation, mixture, reversible, irreversible, melting, dissolving, reaction.

Art

This half term we will be learning how to design and make our own print. This will be inspired by Islamic art.

PSHE and RSE

We will be learning about the importance of sleep, staying healthy and how to recognise risky situations.

Maths

In maths we will be learning about angles and how to measure and record accurately. We also will be covering multiplication and division.

French

In French we will be learning about weather, hobbies and time.

English

We will be studying books that are linked to our topic – “First One To The Top”, “All About Sir Edmund Hillary” These stories will help us to create a biography.

Topic - Marvellous Mountains

We will be using atlases and a range of different sources to learn about mountains around the world. This will include the features of a mountain and how the weather changes at different parts of the mountain. Vocabulary: altitude, peak, summit, ridge, contour, valley, summit, range and plateau.

Reminders

Spellings are given out on Monday and tested on the following Monday.

Homework is given out on a Wednesday and due back on the following Monday.

RE

In RE we will be learning about “Faith” and what it means to us.

PE

Children will have 2 PE lessons per week (Monday and Thursday) so it is essential that they have their PE kits. We will be learning how to balance and develop their cognitive skills.

Children should be reading everyday and it should be recorded in their reading diary. This should be brought into school everyday.

Music: This half term we will be continuing our learning and playing of the recorder.
