

# Reception Class Learning Together Sheet

Spring 1 2024

**Our topic this half term is**

**'Animal Explorer'**

**Within this topic we will be 'visiting' the polar regions and exploring the animals that live there and then venturing around the World to find other animals along the way!**

**We will be learning about**

- \* Understanding what's safe to go into and onto our bodies
- \* Comparing where we live with other countries around the World
- \* Robert Falcon Scott and what he discovered
- \* The polar regions and the animals that live there
- \* Chinese New Year
- \* Ice!
- \* Winter and the changing seasons
- \* Where different animals live

**How can you help at home?**

- \* Choosing activities from the Maths Challenge Booklet
- \* Read at least 3 times per week and write in your child's reading diary (remember the reading challenge and getting those golden coins!)
- \* Practising dressing and undressing independently
- \* Looking at and talking about different animals and where they live

Remember to keep checking your child's Tapestry account for updates on their learning. Please also add your own posts about your child and what they have been doing at home!

**Key Dates for your diary**

9th February 2024 -  
last day of the half term

Every Wednesday -  
PE day

**Hints and tips**

All children will need to bring their book bags and a labelled water bottle to school every day.

We will be visiting the School Library every Friday afternoon.
